Va. Farm Bureau Calls For Increase In Sales Tax

NORFOLK, Dec. 3 - A one cent increase in Virginia sales tax was called for by Virginia Farm Bureau President Robert B. Delano as the largest farm organization opened its 50th annual meeting here this morning.

"I suggest that Farm Bureau may have to take a minority positon and demonstrtate the courage to speak our convictions in January," Delano told the convention, "and support legislation to increase the sales tax from four to five cents."

The farm leader said the additional tax could be earmarked for counties and cities.

"The increased revenues to localities would relieve the demand for funds from our state treasury," Delano said. He estimated that that the one cent increase would generate from $220 to $240 million within the next two years.

"We face a financial crisis in our state government," he said. "County governments are facing revenue problems."

Delano said Gov. Godwin had already tightened the belt of state agencies and the public education system, and added that some public service may have to be curtailed.

He pointed out that Farm Bureau has resolutions which oppose raising taxes or floating bond issues, but added that "we face a financial situation in which tax funds are not adequate."

"Already you have observed many groups over the state that are poposing new bond issues to finance their pet projects," he said. "This could be the year that we will plunge our state into a new wave of indebtedness."

But he warned, "We have New York City as an example of what excessive use of bonds can do to local governments and the economy."

He reminded the voting delegates that county Farm Bureau leadership has submitted 12 resolutions to this convention that request the use of more state money to fund projects.

"We may have a choice between the veterinary school and better facilities for the animal industry department at VPI&SU. We are doing a good job of training animal industry students. Right now," he said, "we may need veterinarians more than we need animal industry graduates."

He cited income and marketing as two areas of major concern for today's farmer.

"Consumer prices for food increased 40 per cent in the past three years," Delano stated. "Marketing costs increased 41 per cent. Farm prices increased 38 per cent. Yet net farm income declined 15 per cent."

Delano said farmers have responded to the worldwide demand for increased production to combat inflation, and he challenged George Meany and his labor unions to show similar progress of productivity for American industry.

Delano, who is serving his 13th year as VFB president, said his organization showed a growth of 4,000 families during the past year. Membership was reported at 37,720.

"We have nine corporations affiliated with Virginia Farm Bureau," he said. "The total amount of money generated by these corporations was over $18.5 million in 1975."

He said one of the main purposes of Farm Bureau was to make the voice of the farmer heard at the local, state and national levels.

He reported the service corporation would provide $4 million in product services to members this year.

Delano also said that the Farm Bureau insurance company had not increased its preferred rates on auto insurance to drivers with good driving records since 1968.

The president's report opened a two day session for voting delegates to consider 99 resolutions submitted by 86 county Farm Bureaus. Delegates will vote on these issues, and positions adopted will become Farm Bureau policy for 1976.

ER DILLARD races and beats his opponent to the total 18 points in the Raiders' opening game Campbell. The Raiders nipped the Generals

SPORTS

BY ALLEN AUSTIN

It Takes 13 To Win

The Raiders blazed onto the court Tuesday, Dec. 2, to open the season with a 66-64 nip over the Generals. There are 13 players on this year's team and Tuesday night all 13 pulled together as a team and played a hard 32 minutes of basketball.

Homer Dillard and David Kelso lead the Raiders scoring with 18 points each. Enoch Robinson added 15 points, along with James Robinson's 7 and Carl Watson's 2 to control the Raiders' scoring.

Enoch Robinson, besides from being a high scorer, pulled 15 rebounds to shut out the Generals' attempts at scoring. Homer Dillard followed close in rebounds having 11. James Robinson claimed 7 rebounds.

All through the course of the game the Raiders controlled with 10 and 14 point leads. The tension built as in the 4th period the Generals rallied and came back to narrow the margin of 2 points. The Raiders played a very tight defense as they shut off the Generals at the last seconds of the game from scoring the 2 points the Generals needed to tie.

While in the dressing room I found out the Raiders' secret of winning. They play together as a team and have respect for one another as well as their coach. Coach Morris and Dickerson stated that the big reason for winning is that, "They don't quit." Both teams showed a high quality of respect for the other as was displayed on the court and after the game when a few of the Generals came to the Raiders' dressing room and congratulated them. To see this kind of friendship between teams makes me proud to be associated with sports.

The Raiders next game will be Dec. 9 when they will host Staunton River.

Be there to support the Raiders and one of America's favorite spots, basketball. See you there.

Raiderettes Romp Generals

In the opening game of the Raiderettes season they traveled to William Campbell to claim victory over the Generals 66-20.

The Raiderettes took an early lead and beforewe knew it the Raiderettes had racked a 20 pt. lead. The Raiderettes executed the proper techniques of basketball and scored 56% of their shots from the floor and 16% from the foul line. William Campbell scored 15% of their shots from the floor and 16% from the foul line.

We can properly show the effectivivness of the Raiderettes defense, as the shot less the times than William Campbell. The high scorer for the Raiderettes was Maryjane Smith who had 21 pts. Connie Murry had 11, Jan Stanley close behind with 10, Carolyn Jean Smith, 9, and Cindy Smith 8. The high scorer for William Campbell was Don Roakes with 6.

The couple was shopping for wedding bands. " I don't want too wide or tight a band; it might cut off circulation," said he.

"It's going to do that anyway," said she.

When a friend asked the wealthy man why he chose to live in a subdivision of modest homes, the man replied: "You've heard of keeping up with the Joneses'. Well, here, I'm Jones."
